Off Admiralty Way
Lekki Phase 1
Lekki, Lagos State

Re: Request for Letter of Approval (LoA) for “GBL – GRID-CONNECTED ELECTRICITY GENERATION FROM BAGASSE SURPLUS PROJECT”

1. We wish to acknowledge your request for letter of approval in respect of your project named “GBL – GRID-CONNECTED ELECTRICITY GENERATION FROM BAGASSE SURPLUSPROJECT”. After reviewing the PDD submitted by your company, I am directed to inform you that our concerns have been fully addressed.
2. We have also noted and convinced that your project will result in greenhouse gas emission reduction in Nigeria.
3. Against the background of the fact that Nigeria ratified the Kyoto protocol on 10th of December 2004 and is in compliance with her obligations under the United Nations Framework Convention on

Climate Change (UNFCCC) and the Kyoto Protocol, the Special Climate Change Unit (SCCU), being the Designated National Authority for Clean Development Mechanism (CDM) Activities in Nigeria, hereby confirms as follows that the project has potentials to:-

- Contribute to the sustainable development of Nigeria by generating electricity
- Improve the quality of the environment, through the “GBL – GRID-CONNECTED ELECTRICITY GENERATION FROM BAGASSE SURPLUSPROJECT”
- Improve national resource management by full utilization of the energy resources produced at the ethanol plant to generate and export electricity to the national grid.
- Increase employment of the local community by additional jobs at the field facilities
- **The project is hereby endorsed in compliance with Article 12 of the Kyoto protocol.**

4. Accordingly, your Company “Global Biofuels Limited“is hereby issued this Letter of Approval (LoA).

Thank you for your usual cooperation.

For: Federal Ministry of Environment
